

NEW YORK MOTORCYCLE SAFETY

Bikers in our state face a number of dangers every time we take to the road.

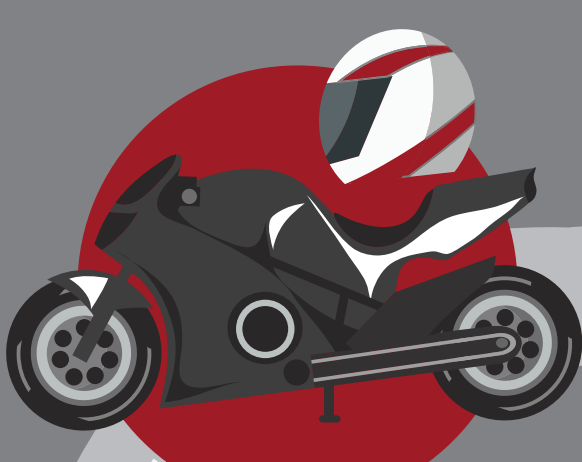

SAFETY TIPS FOR BIKERS

Always wear a helmet and protective gear.

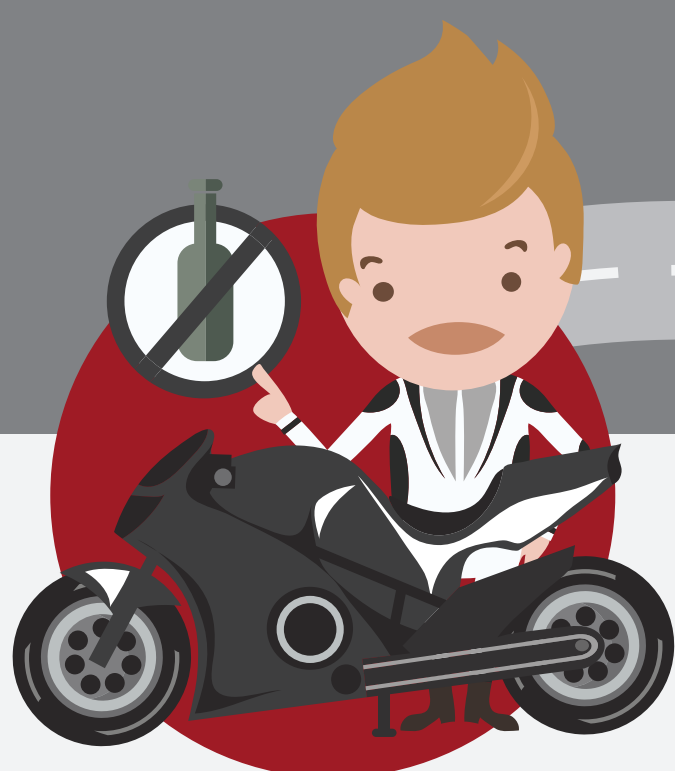

Attend a motorcycle safety class and learn defensive driving.

Choose a motorcycle that fits your size.

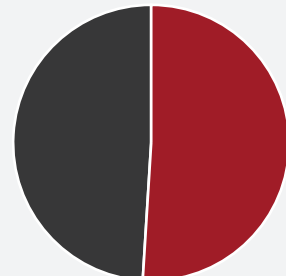

Avoid biking in bad weather and avoid a car's blind spots.

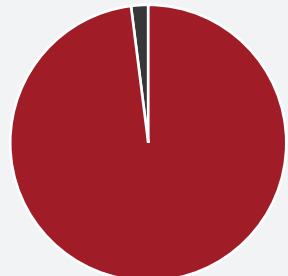

DON'T DRINK & DRIVE

29 percent of fatally injured motorcycle riders were over .08 percent BAC.

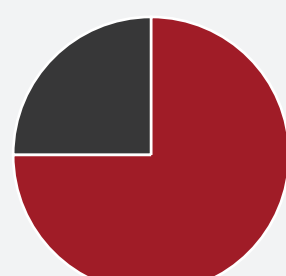

The Biggest Threats to Motorcyclists:

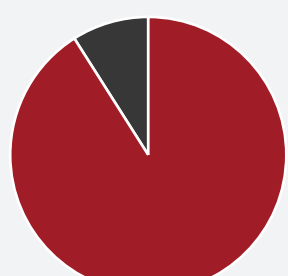

In 2012, **52 percent** of all motorcycle fatalities involved collisions with another moving vehicle.

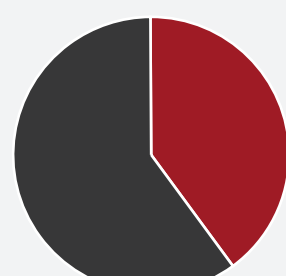

The NHTSA reported that in two-vehicle crashes involving both motorcycles and passenger vehicles, **98 percent** of fatalities were motorcycle riders.

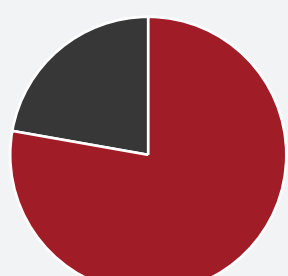

In two-vehicle collisions, **75 percent** of motorcycle crashes occurred when a motorcycle collided with the vehicle in front of them.

In 2005, of two-vehicle crashes involving a passenger car and a motorcycle, **91 percent** were on non-interstate roadways.

22 percent of motorcycle fatalities occurred when a motorcycle collided with a fixed object.

70 percent of motorcycle crashes occur at intersections.
